

AMENDMENTS TO THE SPECIFICATION

Please replace the paragraph beginning at page 9, line 12 with the following paragraph:

The shredding-element carrier 10 of the disintegrator roll 1 can be formed by the base body 100 of the disintegrator roll 1. However, it is also possible to provide a ring (not shown), which, in a known manner, is held in place by clamps or the like.

Please replace the paragraph beginning at page 3, line 19 with the following paragraph:

Moreover, the ends of the sawtooth wire can be subjected to an [a] grinding procedure.

These replacement paragraphs clarifies the reference to detail 10 to which the Examiner has objected and correct a grammatical error. Applicant submits that no new matter is injected into the application by way of these replacement paragraphs.
